

N/A presents:

LA AIRSPACE, 'New & Improved!' - with PAT CAREY, DPE He helped create it!

Pat Carey, DPE CFI AI MEI has been instrumental in advising the FAA regarding the LA Airspace changes. Nobody knows more about LA Airspace than Pat. Learn about the new TAC, and how it will affect you, up close and personal, with a man who helped create it during a social and fun, casual dining experience at the Van Nuys Airport, 94th Aero Squadron.

There is a fee for this event designed to cover your dinner and gratuity at the 94th, two door prize tickets, and a small contribution to the non profit VNY Prop Association, that maintains a aviation scholarship program. For pre-registration information clickhere. Van Nuys Prop Association

Directions: Exit Roscoe Blvd. from the San Diego Fwy (405) and drive West. Continue for just a few minutes on Roscoe Blvd. Westbound until Woodley Ave. Turn Left on Woodley Ave. Southbound. Drive .2 miles and turn Right on Raymer Street. The 94th's parking lot with (free) is located shortly ahead at the end of the street. Folks flying in may have to take a taxicab ride around the airport perimeter to the 94th, which is located abeam the approach end of 16L.
